Our Town

Tuseday night the city council will meet. On that night it is the announced intention o issue $100,000 in city warrants. We opposed the issuance of bonds on economic grounds. We oppose the issuance of warrants further because if issued the will of the people will have been made secondary. The interests of the people will not be served by the contracting of 15 year obligation when the tax rate offers the cheaper plan to retire the debt.

The other day in Petronila, a small community in the heart of the South Texas Gulf Coast farming country, the people held a prayer meeting to pray for rain . Within twenty-four hours after practically every man, woman nad child had sert up prayers one inch of rain fell and within another twenty-four hours another inch fell. Day after day they looked with care worn eyes across the withering fields of corn and cotton and their hopes were fast fading. It is said the community is deeply religious. They turned with hearts of faith in their hour of distress as in all ages of the world. There is a verse in the 35th chapter of the book of Ezekiel that reads like this: "And I will make them and the places round about my hill a blessing; and I will cause the shower to come in his season. There shall be showers of blessings."

We have turned our pursuits to cotton to the neglect of all other sources of farm revenue and in such times as failure seems apparent we are brought face to face with the realization that if we had more cows, more hogs and more chickens, depressions in agricultural regions suen as this would worry us little. It is said that Cameron's butter bill is about $30,000 a year and of this amount less than one third is produced at home, the remainder being shipped in. Cameron the "egg basket" of Milam county has an annual egg bill of about the same amount and times come when eggs are shipped in. This is the consumption side. Anything beyond that is money to the farmers. We should create here a market for butter and milk products and when that is done bring up the production to meet the demands of that market and cut down the suicide policy of paying dearly for our consumption of so necessary and so simple products as these. A good turkey and chicken crop, a good milk, butter and egg production would sustain us if properly developed no matter what the agricultural situation. In this problem the commercial club has an opportunity worthy of its best traditions. Our problems are not industrial but agricultural.

R. Q. Lee, recently elected president of the West Texas Chamber Commerce, has set out as his policy for the term the proposition of encouraging diversification of farm products. Cisco is called the "Egg Basket of Texas" because men like R. Q. Lee coupled with a live chamber of commerce that can see beyond its nose, have taken up the burden and done the things that every community should have foresight enough to do. The farmers impoverish themselves raising cotton, flooding the markets and making of it a cheap product. Cutting the acreage and producing less cotton means higher prices. No amount of organinzation, sugar coated graft or fine spun market theories will ever set aside the law of of supply and demand as it affects not only the cotton crop but every single product of whatever kind used by the people of the world. No community can permanently survive and prosper on the one crop system.

INCH RAIN REPORTED AT BRANCHVILLE.

Reports reaching Cameron tell of a one inch rain that fell near Branchville and on the farms in that section. The rain will insure dry planted cotton coming up and will advance the cotton already up and plowed.

Many other sections of the county have reported good rains Monday and indications are that crop interests will be advanced to a large degree.

RAINFALL IN COUNTY AIDS SUFFERING COTTON CROPS

Horse Racing To Feature Fourth July Celebration

LOWER UTILITY RATES AND COMMISSION GOVERNMENT--BRYAN

AMERICAN LEGION MEN COUNTY PLAN PROGRAM

JOINT CELEBRATION WOULD DRAW PEOPLE FROM ALL OVER THE COUNTY.

"The Sport of Kings" may be revived in Milam county as it has been revived in practically every county and city in the state, if plans now in the process of formation are realized.

The American Legion in Cameron and Rockdale are considering a big July 4th celebration at which time horse racing will be the feature attraction. While no definite plans have been adopted consideration is being given such plans as will call for a joint celebration.

On account of the facilities for handling the racing events Rockdale will be the logical place as Cameron has no race tracks or suitable grounds for entertainment of this nature.

In the past the legion posts at Rockdale and Cameron have divided entertainments on July 4, the former having staged the entertainment last year and this year it is given to Cameron. However, on account of the big demand for horse races, if the Legion sees fit to stage a celebration this year, it will be necessary to hold the meet in Rockdale.

Already racing men are getting their horses in shape for the races. There will be racing events at Rockdale on June 19, when the negroes stage their celebration. They have offered prizes of $25 in each event and a number of the horse owners will compete for the prizes.

A committee of Legion men from Rockdale and Cameron will meet this week to discuss plans for the entertainment.

The celebration will be the means of realizing money for the posts and at Rockdale last year the Legion profited well by the July 4th entertainment.

Since the racing events have been staged in Rockdale interest has been revived in racing which aside from base ball is probably America's premier sport. Already a good string of horses are being developed and indications are that when the barrier is sprung on July 4th some excellent track records will be made. The racing program would include the quarter, three eights and half mile events and probadbly mile events.

The racing events will be made attractive enough to encourage participation by breeders and trainers from other counties.

RAIN FALLS OVER FEW SECTIONS OF COUNTY

GROWING CROPS BENEFITED BY DOWNPOUR MONDAY IN SECTIONS OF MILAM.

While only a light shower fell in Cameron Monday heavier fall was reported in the vicinity of Marek and Wokaty and around Buckholts and west toward Rogers.

Growing crops, especially young cotton will be benefitted by the rains and hopes are much better for a crop in that section of the county.

North of Cameron around Burlington and Ben Arnold no rain has fallen in rescent weeks and crops are suffering.

South of Little River good rains have fallen in many sectons so that crop conditions seem improved.

Tanks in some places are reported to have been broken by the heavy rainfall.

CAN SELL GAS ON SUNDAYe AFTER 19.

A bill passed by the legislature and signed by the governor authorizing sale of gasoline on Sunday will be effective on and after June 19th.

Motorists who have not been able to get gas on Sunday in a number of Texas town including Cameron will now be served.

A number of filling stations in Cameron will open for gas sale on Sunday.

MORE THAN 600 GO TO "RIVER BEACH" SUNDAY

POPULAR SWIMMING PLACE APPROVED BY PUBLIC AS SHOWN BY ATTENDANCE.

More than 600 people were at River Beach during the day Sunday, the management reports.

This place has proven popular for the public and the big attendance at the pool together with the number of bathing parties and picnic crowds insures success for this popular swimming pool.

John Burke and Cecil Cone, promotors of the beach are well pleased with the crowds attending the opening of the place and believe they have provided a place for the sweltering city folks that will bring them out in increased numbers.

After 3 in the afternoon the pool is shady and always fresh running water. A bath house has been built for the convenience of the public and cold drinks and sandwiches make the place well appointed for those who appreciate this service.

The management reports the installation of spring boards and the placing of rafts and other equipment in the pool to insure the maximum of enjoyment as well as safety and convenience for the bathers.

MRS. BARRETT OPENS BOARDING HOUSE HERE.

The old Wilkerson home near the grammar school has been rented to Mrs. Barrett, daughter of Jas. Otts, and a boarding and rooming house will be conducted. They have moved to Cameron from their farm west of the city and will conduct a first class rooming house and boarding house.

Uucle Jim Otts is a pioneer of this county and was born and reared at Old Washington on the Brazos. His many friends here will welcome him as a citizen of the town.

TRAVELERS CHEQUES FOR VACATION TIME AT THE FIRST NATIONAL BANK.

Fred B. Cable, cashier of the First National Bank, has received a consignment of Travelers Cheques for the vacation period. Mr. Cable has anticipated the needs of the public as well as the customers and friends of the bank and invites them to come in and make ready for the vacation trip by securing the amount of cheques needed.

The cheques are cashable anywhere and prove a great convenience to travelers who visit localities where they are not known.

METHODIST CHURCH.

The pastor will preach Sunday morning and evening at the usual hours. Prayer meeting Wednesday at 8 p. m.

R. S. MARSHALL.

FORMER GOVERNOR IS CHEERED BY HUNDREDS

TELLS CAMERON WHAT GOVERNMENT DID FOR PEOPLE IN NEBRASKA.

Lower public utility rates and a commission form of government were the outstanding pleas in the speech of Chas. W. Bryan, vice presidential nominee and former governor of Nebraska, before the Chautauqua audience Wednesday night.

The address of Mr. Bryan was a discussion of "Government in Business,' and recounted his experiences as Mayor of Lincoln, Neb., and as governor of the state. Mr. Bryan is not an orator but leaves the unmistakable conclusion that he knows just what he is talking about and impresses the people with sincerity.

He was introduced by T. S. Henderson. The vice presidential nominee having accepted a lecture contract with the Redpath-Horner Chautauqua, is seeing much of the rock ribbed Democratic territory that made the defeat respectable last November for him and John W. Davis Judging from the enthusiastic reception tendered Mr. Bryan the conclusion is easy that Cameron Democrats admire the frank, disciplined statesman from the west and are now speculating upon the possibilities of his policies being put into effect.

The address called for a discussion of the fight in Lincoln to lower the rates for light and power for the people. Having determined that the rates charged were too high Mr. Bryan evolved a policy of government unique in the anals of American history and brought to him recognition throughout the nation. The people had been without a champion for many years and the state was Republican by a big majority.

Mr. Bryan as Mayor of Lincoln began his campaign to reduce the light, power and water rates for the people, having found upon investigation that the rates being charged were too high. Before he had concluded his fight for the people the killowat had been reduced to 3c and still the corporations continued to make money.

He took up the coal supply problem and after applying his policies was not only able to reduce the price of coal, despite the fact that it had to be shipped hundreds of miles, but when he went to th eGovernor's office succeeded in getting the mayors of more than a hundred Nebraska cities to handle the fuel problems in their cities as he had handled it in Lincoln and thereby the backbone of profiteering was broken and the people served.

Regarding the commission form of Government Mr. Bryan declared it to be the only plan to put economy in the government and make it efficient. The city manager plan brings to the government the same talent that big corporations pay fabulous sums for because it pays dividends in money saved and brings the government abreast of modern times. The ox-cart methods of government should have died with the spinning wheel and the covered wagon, he said and with the awakening over America city governments will be improved.

CORRECTION.

Last week in connection with the saving of three boys from the river mention was made that the party numbered among the attendance pupils from Miss Velda Walker's class. Miss Walker obtained permission from parents and did not chaperone the boys to the river without first obtaining permission.

KLAN CAN'T PARDAE AFTER JUNE 19.

The anti mask bill aimed at Ku Klux Klan will go into effect on June 19th of this year and on and after that date no klan parades can be held in Texas unless the members parade with their hoods off.

The bill was written by Reppreseptative Mankin of Williamson county and was signed by the Governor as a platform demand.

CITY COUNCIL WILL SELL WARRANTS TUESDAY

$100,000 TO BE DELIVERED TO GARRET COMPANY OF DALLAS, AT SIX-QUARTER.

Tuesday night at its regular meeting the city council will deliver to the Garret Company of Dallas $100,000 in city warrants bearing six and a quarter per cent interest, the funds to be used in paying Cameron banks money due them on overdrafts for which notes were made running over a period of several years and to retire outstanding paving warrants.

The council submited the proposals to issue bonds and the people defeated the proposals. The people will not have an opportunity to vote on the issuance of the warrants because the council is vested with the authority under the law to issue warrants.

While there has been some talk of injunction to stop the city, if practical, from issuing the warrants nothing definite has developed.

The council meets on Tuesday June 16. It is understood the warrants are to run over a period of fifteen years but the maturity dates have not been obtained for publication.

C. W. READ LEAVES DRUG BUSINESS IN CAMERON

F. E. JACKSON TO HAVE MANAGER SOON FOR DRUG STORE HERE.

C. W. Read has severed his relations with the Jackson & Read Drug Store in Cameron and will no longer be associated with Mr. Jackson in the business.

The Jackson & Read drug store was established more than 2 years ago and is one of the most attractive stores in the city.

Mr. Hill, a druggist of Austin, who has been in business there for a number of years will be in Cameron within a few days to take charge of the store. Alvin Dusek who has been with the store for a long time will continue in the business.

So far as we have learned Mr. Read has not announced his plans for the future but the good wishes of his many friends go with him in any line of business he undertakes. Mr. Read is an efficient druggist and store man and was instrumental in building up a good business for the store. Mr. Read may leave Cameron for a larger city where it is said he has some splendid offers for business connections.

Mr. Jackson owns three drug stores two in Cameron and one at Rogers. The people will welcome Mr. Hill to become a citizen here.

Mr. and Mrs. Stuart McCarty of the Nashville Bridge were business visitors to Cameron this week.

HEAVY DOWNPOUR GIVES HOPES TO THE FARMERS

HOPES REVIVED FOLLOWING RAINS OF MONDAY IN SCATTERED SECTIONS.

Rain fall reaching almost flood stage ni some sections of the county is reported from Monday's precipitation ranging from a half to three inches.

West of Ben Arnold in the black land belt an area some 6 miles in length and varying in width from two to three miles reported the heaviest rains. The rain coursed north east and came from the southwest.

On the J. W. Coleman 300 acre black farm in the water belt Monday a rain of about 2 inches is reported with adjoining territory receiving a like precipitation and heavier. On the B. P. Atkinson farm in that section Gray Frazier reports a wind storm swept a large barn away and damaged the residence and other outhouses. About 600 yards from this place Coley Barrett sustained loss when the wind tore down a portion of the barn.

No other damage has been reported except that in some cases tanks recently built and not firm were broken by the sudden rush of water.

Along the Santa Fe in Burleson county reaching to a short distance east of Cameron good rains are reported but no figures on the water fall could be obtained. South of Rockdale in Lee county a like precipitation is reported with saving moisture for a time for the crops. The hardest rain was on the Atkinson farm where 3 inches are reported to have fallen.

The heavy rains in the blackland just west of Ben Arnold reached to within a half mile of that town. Around Marak, Wokaty and Yarrellton good rains are reported. In the North Elm Community it is said the most general rain of the day fell with great aid to crops.

In the Branchville community where no rain has fallen this year one inch is reported to have fallen.

While the rains will aid growing crops and probably insure some cotton production for the county the precipitation was too rapid to insure maximum results from this amount of fall.

Cotton is holding up remarkably well under the withering heat and dry land. In the bottom lands crops are backward.

On the R. B. Rylander farms and some sections of the Watt farm good rains are reported to have fallen.

While no hopes are held out for the corn crop, cane and hay crops can be raised with rainfall and the cotton crop can be normal with favorable conditions.

WM. BALHORN TO OPEN COLD DRING FOUNTAIN IN CAMERON SATURDAY.

Saturday morning June 13, Wm. Balhorn will open for business the new cold drink fountain just received from Dallas and installed.

Mr. Balhorn will run the fountain in connection with his cigar and shining parol business. John Andres, of Monday, Texas, brother in law of Mr. Balhorn will be here in a short time to assist in the running of the business.

Mr. Balhorn makes announcement elsewhere in this issue of the opening and for a share of their patronage.

The fountain is new and complete and will be very attractive and efficient in serving all kinds of drinks.

FORMER CAMERON BOY WINNER OF VALLEY FARM

C. D. WHITMAN AT A. & M. AWARDED 23 ACRES FOR BEST FARM WORK

Cameron people will be interested in the following which is taken from the Houston Post-Dispatch giving an account of the work of C. D. Whitman, former Cameron boy at A. & M. College for which he has been given a farm in the lower Rio Grande Valley.

Mr. Whitman is a relative of Mrs. Felton Ford at Baileyville and is the son of a Baptist minister who served in this county several years ago, residing in Cameron where young Whitman's youth was spent:

C. D. Whitman, formerly of Waco, who graduated from the A. and M. College of Texas in the spring of 1921, has been eslected by the committee of A. and M. officials to receive the tract of 23 acres of irrigated land near Mercedes offered by the American Rio Grande Land and Irrigation company through R. L. Seay of Dallas, president of the company. The name of Whitman as the successful candidate for the prize was announced by President W. B. Bizzell to the great audience of students and visitors assembled for the commencement exercises Tuesday.

For the last four and a half years Mr. Whitman has been engaged in developing a model diversified farm on a tract of raw land owned by his brother in law. It is situated in the Trinity river bottom about nine miles from Dallas. He accepted the project on a partnership basis with Eugene Hanszen, his brother in law, who purchased the land at a price of $110 an acre. Today the land with its improvements and developments has a value of $40,000 and there is little indebtedness against it. Taking over the tract of 87 acres four and one half years ago Mr. Whitman at the age of 20, and with only the knowledge obtained in a four year course in horticulture at the A. and M. College and a half year of professional landscape experience with the Waxahachie Nursery company, set before him a vision and held steadfastly to it, so that he accomplished in less than five years a program of development that would ordinarily take 25 years.

He found a rough piece of ground, 15 acres of it nothing more than a windswept sand dune and the other 70 partly timbered, some of it sodded in Johnson grass and other parts in bad condition. He immediately saw the possibilities of fruit and truck on the sand and planned corn, alfalfa and cotton for the black land. On part of the sand he had to fill ditches as deep as eight feet to put in condition for his purpose, but he found this not an insuperable difficulty. He located water for irrigation and put in an overhead system for part of the acreage and furrow system for the other.

Today he has five acres in peaches and plums, 12 in berries, 15 in vineyard and six in asparagus, no rough land, a well constructed six-room house, farm buildings scientifically constructed and other modern improvements. Hard work and expert attention gave him success. The first six months he was on the land he prepared his own meals and meals for four farm hands and spent a full day in the fields besides. He has picked table greens from his fields on days so cold that the water froze to his hands in order to get the high prices when the other truck men found it too uncomfortable to work in their fields.

By careful attention to planting, picking and packing he has secured for his products a price much above that of the general market and secured an exclusive trade that demands his produce and pays extraordinary prices. Last year he sold his asparagus in wholesale quantities at a price higher than that brought at retail by the California product. His berries bring him from 25 to 50 cents a crate above those sold by his competitors. His asparagus is his own product. He selected his plants for seed, raised and transplanted his own crowns and today has the largest acreage in asparagus in several counties contiguous to Dallas.

Whitman was not reared on a farm He is a distinctly city boy, having spent his boyhood in Waco, where he finished from the Waco high school in 1917. His mother still resides there. He declares that every inclination toward professional work is toward agriculture and says he felt the urge for the soil as a mere youth. The fact that three of his sisters are farm wives and his own desires indicates an inherent love for rural occupation. He thinks it probable that their choice of farm life is hereditary since their paternal and maternal grandparents were plantation owners in Tennessee. Whitman's own father was a Baptist minister and served for many years in State missionary work. He died in Waco in 1919.

He was led to make application for the Rio Grande farm through his belief that there are potentialities of production there which have not been developed and he hopes to achieve something beyond that which has been heretofore demonstrated. He also believes that his opportunities for self service may be greater in the new country.

If Kidneys Act Bad Take Salts

Says Backache Often Means You Have Not Been Drinking Enough Water

When you wake up with backache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well-known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys, also to neutralize acids in the system, so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive, can not injure and makes a delightful, effervescent lithia-water drink. Drink lots of soft water. By all means have your physician examine your kidneys at least twice a year.

IS YOUR WORK HARD?

Many Cameron Folks Have Found How to Make Work Easier .

What is so hard as a day's work with an aching back?

Or sharp stabs of pain at every sudden twist or turn?

There is no peace from that dull ache.

No rest from the soreness, lameness and weakness.

Many folks have found relief through Doan's Pills. They are a stimplant diuretic to the kidneys.

Cameron people recommend Doan's.

Mrs. J. L. Brod, N. Crockett Ave., Cameron, says: "Stooping work sent sharp pains across my kidnyes and it was hard to straighten. Then, too, a dull ache through the small of my back made me uncomfortable. Mornings my back was sore and lame and I felt worn out. My kidneys were out of order, too, they acted entirely too frequently. I used Doan's Pills and one box rid me of the trouble."

60c, at all dealer. Foster-Milbern Co., Mfrs., Buffalo, N. Y.

HOW'S THIS?

HALL'S CATARRH MEDICINE will do what we claim for it—rid your system of Catarrh or Deafness caused by Catarrh.

HALL'S CATARRH MEDICINE consists of an Ointment which Quickly Relieves the catarrhal inflammation, and the Internal Medicine, a Tonic, which acts through the Blood on the Mucous Surfaces, thus restoring normal conditions.

Sold by druggists for over 40 Years.

Are You Weak, Nervous?

Houston, Texas—"I have used some of Dr. Pierce's remedies and found them perfectly satisfactory. I became rundown in health and had weak and nervous spells. I took the 'Golden Medical Discovery' and the 'Favorite Prescription' and it was surprising how quickly and rapidly I improved. Just a few bottles of each put me in good health. I can recommend the 'Golden Medical Discovery' as a general tonic and the 'Favorite Prescription' for feminine troubles."—Mrs. W. H. Jackson, Route 1, Box 264, N. All dealers. When Better Automobiles Are Built, Buick Will Build Them

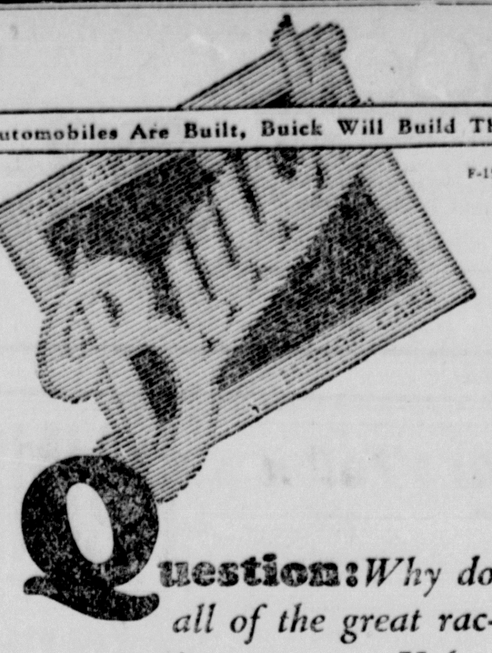
F-15-45



No. 17

Question: *Why do all of the great racing cars use Valve-in-Head engines?*

Answer: Because this type develops the greatest speed and power. All first place winners of the Indianapolis 500 mile race since 1912 have had Valve-in-Head engines. Buick pioneered the Valve-in-Head engine in 1904 and has used it ever since because it is more powerful, more economical and more dependable.

The Four Major Reasons

To those familiar with the chief reasons for Graham Brothers remarkable growth, these four points loom most conspicuously in explanation of their leadership and lower prices:

1. Price advantage.
2. Exceptional quality.
3. Power and dependability of Dodge Brothers Engine.
4. Character of Dodge Brothers Dealer organization.

Better than a written guarantee of continuous satisfaction, these reasons are too fundamentally important to escape the attention of judicious truck buyers.

SOCIETY NEWS

BY MRS. JEFF T. KEMP

BASKIN LUNCHEON.

Miss Clyde Baskin a popular high school graduate, was named honoree at charmingly appointed luncheon on Thursday before her graduation day by her aunt, Mrs. Arthur Baksin. The class colors of purple and gold were in evidence thoughout the reception suite and the dining table was centered by a bowl of beautiful pansies in the favored colors with streamers leading to place cards and Japanese fans for each guest. The favored guest list follows:

Misses Clyde Baskin, Mary Ellen Jeter, Mervia Thompson, Elizabeth Adams Francis White, Thora Mae Fikes, Louise Atkinson, Jean McFadyen, Alice Covan, Mary Virginia Atkinson, Reba Young, Dorothy Denson, Lena Mae Baskin Mrs. Arthur Hugh Baskin.

LUNCHEON FOR MISS ADAMS.

An attractively appointed three course luncheon was arranged by her mother Mrs. P. O. Adams and her sister Miss Louise Adams at one o'clock on Friday to honor the graduation of Miss Elizabeth Adams. The home was graced with spring flowers in rainbow tints, sweet peas and zennias leding their charm to make the dining room beautiful. The guests were fourteen girls and the class sponsor, Miss Hattie Zerfluh. The occasion will long be remembered by the guests Misses Jean McMadyen, Lula Head, Mary Ellen Jeter, Clyde Baskin, Thora Mae Fikes, Francis White, Mary Virginia Atkinson, Laura Boedeker, Alice Covan, Cora Mae Link, Ganell Cox, Louise Atkinson, Maureine Clinton and honoree Miss Elizabeth Adams.

A swimming party in the City Natatorium preceded the clever entertainment provided by the chosen committee of the, young Woman's Business Club Mesdames Copus, Misses Chatham and Tyson. A bountiful box lunch was enjoyed by members present followed by several club songs, a vocal number by Miss Jennie Tyson, talks by Misses Freeand by F. E. Jackson of the Commercial Club and music by Posey's man and Breed of the Chautauqua Orchestra for dancing on the pavillion. Number of out of town guests were present among them Miss Katheryn McPhail of Ardmore, Okla., a guest of Miss Mozelle Bigbee.

NABOURS-NEASON.

A wedding in which a wide circle of friends and relatives are interested occurred at the Presbyterian Manse in Thornton, on Saturday June 6th, at 6 p. m. when Charles Nabours of Cameron was married to Miss Eddie Neason of Thornton, the Rev. Travis, Presbyterian pastor at that place solemnizing the ceremony.

The birde was attired in a white canton crepe with accessories en suite and made a most attractive picture of winsome young womanhood. On June 2nd with her class she received her degree from the College of Industrial Arts at Denton. She is the daughter of Mr. and Mrs. T. G. Neason who are old time residents of Thornton, where the family have many friends.

The groom, Mr. Naborus, is the only son of Mr. and Mrs. Jerry Nabours of Cameron and his friends are as numerous as his acquaintance is wide. He graduated from Cameron high school a few years ago, attended A. and M. College and is now a valued employe in the office of County Engineer A. F. Mitchell.

After a short honeymoon motor Mr. and Mrs. Charles Nabours are at home to their friends in the home of the grooms parents, Mr. and Mrs Jerry Nabours.

ANNOUNCEMENT PARTY.

Mrs. W. O. Triggs was hostess on Tuesday morning to a merry party of friends ostensibly invited to honor the visit of Mrs. Tom Law of Waco. The Triggs home was made beautiful by the lavish use of baskets and vases of the beautiful pink crepe myrtle and tables were arranged for the ever popular pastime of 42. Little Lucile McDermott in an adorable pink frock passed the score cards. A spirited series of games was marked by the capture of 84 favors by Mrs. Tom Law in every series. First there was a bag of rice, next a cupid with bow and arrow then a wedding slipper followed by a suspicious arousing orange blossom tied with pink tulle. Lastly the honoree received a wedding ring and the following engraved announcement: Ruth Coleman, John Rosson, June 30th, and the secret was out.

This announcement was followed by congratulations and the presentation to the bride elect of a beautiful gift pink tulle tied basket filled with exquisite pink roses. Misses Helen and Katharine Flinn and Mrs. Chas. Coleman arrived in time for the announcement which was followed by a salad and ice course attractively served by the hostess with Mrs. Charles McDermott, Alex Triggs and Miss Winnie Henderson assisting. The personnal of the guests includes the following friends of the bride:

Misses Virginia Vest, Gladys Watson, Edna Sprinkel, Mrs. Robert Pool of Dallas, Mrs Chas. McDermott, Tom Law of Waco, Cecil Warner of Fort Smith, Ark., Fontaine Flinn of Robstown, Misses Clara Thomas, Olive Henderson, Louise Green, Earl Bragg, Nadine Bragg, Winnie Henderson, Grace Mangum, Sallie Kate McLane, Helen and Katharine Flinn, Mrs. Alex Triggs and Mrs. Charles Coleman, mother of Miss Ruth Coleman, whom the beautiful morning party honored.

JUST FOR THE CHILDREN.

Directed by the popular and capable manager of Children's Chautauqua work, Miss Olive Breed, on Friday morning at 8 o'clock the Junior Chautauqua enjoyed a breakfast picnic at the playground. All children were invited and had a good time in the City Park of Cameron where playground equipment was installed for their enjoyment was used for their pleasure.

The Children's Play this year was given at 10 a. m. Tuesday. Admission was 10c and proceeds amounted to $9.55 which will be left with the local committee of Civic League for more play ground equipment. The play had an attractive plot, and gave the children ample opportunity for pleasing action. The parents who attended were gratified to be present.

The first junior track meet followed the play. Winners in the events were as follows:

25 yard dash Gus Evans, Jr., first place.

25 yard dash, John Watson, Jr., second place.

50 yard dash, Ben Atkinson, first place, Malcolm Tyson second place, Giles Avriett third place.

100 yard dash, Montague Triggs first place, Malcolm Tyson second place ,Junior Freeman third place.

In Obstacle race contestants were all under 120 lbs. John Young won first place, Andrew Freeman second place and Montague Triggs, third place.

Running Broad Jump, Montague Triggs 12 ft. 6 inches first place; Julian Freeman, 11 ft. 6 inches second place; Ben Atkinson 10 ft. 10 inches third place.

Backward race, Malcolm Tyson first place, Frank Jackson second place.

Miss Olive Breed made many friends in Cameron who will be glad to see her again in coming Chautaquas.

SLUMBER PARTY.

Mrs. R. L. Batte entertained her last summer Belton Camp Crowd with a Slumber Party on Tuesday night at her beautiful home on the Maysfield road. A grand time was enjoyed by Misses Beatrice Rylander Louise Johnson, Sue Griffin Webb, Abbie Batte, Lena Bell Baskin, Dorothy Denson and Mary Bell Batte.

BIRTHDAY PARTY.

A beautiful surprise for the returning president of the Methodist Missionary Society, Mrs. Charles Price was arranged by her friends last Friday afternoon. The basement assembly hall in the Methodist church was arranged for the party. Flowers were used in profusion. Guests were served to delicious fruit punch upon arrival. A shower of gifts was arranged for the honoree who was made the recipient of a delightful surprise. Cherry brick cream and squares of angel cake were served. A birthday cake was featured but not cut and this with best wishes for many happy returns of the occasion were tendered the honoree, Mrs. Charles Price.

SUMMER SCHOOL HERE.

A summer school for Cameron opened on June 8 at the Yoe high school. The school is being taught by Misses Pitts and Tubbs. The school will enlist a large attendance and will in all probability be much more successful than former efforts.

BOARD OF EQUALIZERS APPOINTED BY CUNCIL.

The council has named J. L. Barmore, Fritz Fahrendorf and D. H. Slaughter to act as a board of equalization for the city to make up the tax rolls for the year 1925. The board has been in session this week and will complete its work in a short time. Mr. Slaughter was a member of the board last year while Mr. Barmore and Mr. Fahrendorf have each served in this capacity.

The city is expected to have a large rendition this year on account of the improvements in the city and the building of many new homes.

"WESTWARD HO!"

Last Friday night the troop from the high school under Geo. Lacy, teacher, staged the play "Westward Ho" in the high school auditorium at Rosebud. The people were pleased with the play and quite a sum of money was realized.

PERKINS TO KERRVILLE FOR THE SUMMER.

L. Van Perkins, principal of Yoe high school and coach for athletics, has gone to Kerrville for the summer where he will teach in a summer school there for boys and coaches. The school is known as the "Dock" White school and convenes every summer.

INTENSE PAIN

Lady, Also Nervous and Weak, Relieved by Cardui.

"I was ill and had to stay in bed under treatment for about two weeks without any improvement in my condition, which was serious," says Mrs. J. T. Abercrombie, R. F. D. 7, Brookville, Ind.

"I had intense pain in my side. I was so nervous and weak and just out of heart. . . .

"After taking one bottle of Cardui, I felt like getting up. My nerves seemed steadier and I didn't feel so weak. I kept up taking Cardui and was soon feeling like my old self. . .

"I am such a believer in Cardui until when I get nervous and weak I take it. I took it before my children were born. It strengthened me and helped my nerves.

"I took a cold and . . . my back felt so weak and I had such pulling pains. I took Cardui and didn't have any more trouble.

"I fell and broke my arm. The fall shook me up and made me very nervous. I told them Cardui would help that, and it did."

At all drug stores. C-35

E-C CARDUI WOMAN'S TONIC

RED PEPPER FOR RHEUMATIC PAIN

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

Firestone BALLOONS Win Battle of Tires

At Indianapolis, May 30

Setting a New World Mark of 101.13 Miles per hour—500 Miles without Tire Trouble

This gruelling test proves the outstanding superiority of Firestone Full-Size Gum-Dipped Balloons. With practically no change in cars and drivers from last year, and over the same rough, uneven brick track, laid sixteen years ago—Firestone Balloons racing under a blazing sun—beat last year's world record on thick-walled high-pressure tires by a wide margin.

Of the 21 cars which started, only 10 finished "in the money"—every one on Firestone Balloons—Gum-Dipped by the exclusive Firestone process that adds extra strength and flexibility, and eliminates internal friction and heat.

THE FIRST TEN MONEY WINNERS
—all on Firestone Full-Size Gum-Dipped Balloons

Pos.	Driver	AVERAGE Miles Per Hour
1	De Paolo	101.13
2	Lewis-Hill	100.32
3	Shafer-Morton	100.18
4	Hearey	98.69
5	Milton	97.27
6	Duray	96.91
7	De Palma	96.88
8	Kreis	95.32
9	Shanline	94.74
10	Riordine	94.75

MOST MILES PER DOLLAR

Call at our principal branches—inspect one of these Full-Size Balloons that travelled the 500-mile race without a change.

These wonderful Gum-Dipped Balloons that stood this terrific grind, will give you safety and comfort—and thousands of additional miles—on the worst country roads—in daily conflict with sharp stones and gravel, worn-out macadam and broken concrete. See nearest Firestone dealer today.

Bring something to cook and a canteen of water, will be back by bed time.

Next week Thursday June 18th, Junior High Troop will meet at the Methodist church at 5 p. m. to go on a hike—bring water and eats—will not stay over night.

J. P. LOVE, Scoutmaster.

CARD OF THANKS.

This is to thank our neighbors and friends for their assistance to us during the recent illness and death of our beloved wife and mother. Especially do we thank those who gave flowers and in any way assisted us during this our sad hour.

J. A. MILLER and Children.

BAPTIST WOMEN SEEK $22,000,000

SACRIFICIAL EFFORT IS BEING MADE TO RAISE THEIR FULL SUBSCRIPTION TO 75 MILLION CAMPAIGN

NEW PROGRAM PLANNED

Provision Made For Support Of General Causes Through Canvass of Members November 30—December 7.

Under the leadership of the Woman's Missionary Union, auxiliary to the Southern Baptist Convention, the Baptist women of the South are seeking to raise $7,000,000 in additional

MISS KATHLEEN MALLORY
Corresponding Secretary, Baptist Woman's Missionary Union

cash between now and the end of the year for the Baptist 75 Million Campaign, thus matching their subscriptions in 1919, when the progrom was launched, with actual payments, it is announced at Baptist headquarters. The women were asked to assume responsibility for $15,000,000, or one fifth of the goal of the Campaign, but their subscriptions went far beyond this.

Their original goal of $15,000,000 in cash had been reached by the women June 1, 1924, and under the leadership of Miss Kathleen Mallory corresponding secretary of the Woman's Missionary Union, they are making extra efforts to meet their pledges as well as their quota. Thousands of Baptist women throughout the South are practicing self-denial in many ways in order to make special contributions to the missionary, educational and benevolent enterprises embraced in the Campaign, while other thousands who have already paid out their subscriptions are making special thank offerings that the goal may be reached. Reports indicate that thousands of Baptist men as well will redeem their subscriptions in full during this year.

Large Results Obtained

Indicating some of the results that had been realized from the Campaign up to May 1, 1924, the general headquarters reports that the foreign mission force has been increased over 100 per cent, while as many persons have been baptized on the foreign fields in the five years of the Campaign as there were church members there at the outset of this program after 75 years of missionary effort. In the realm of home missions the 1,170 workers report the baptism of 203,532 persons, organization of 1,095 new churches and 3,383 new Sunday schools, and the completion of the $1,000,000 Church Building Loan Fund.

An average of 2,734 state mission workers have been employed during the Campaign who report 240,686 baptisms, organization of 1,646 churches and 3,035 Sunday schools, and the erection or repair of 2,331 houses of worship. Into the 119 Southern Baptist schools, colleges and seminaries the Campaign has put $7,528,485 in permanent improvements, $2,910,420 in maintenance, and $2,732,231 in endowment, while $1,277021 has been employed in the cancellation of outstanding debts.

Old Preachers Aided

As a result of the Campaign more than 1,000 aged preachers and their dependent ones have been helped; $4,464,000 has been put into 19 Baptist orphanages caring for 4,000 homeless boys and girls; while the number of Baptist hospitals in the South has been increased from 12 to 24.

In order that there may be no let up in the support of the general missionary and other causes fostered by the denomination at the close of the 75 Million Campaign, plans have been perfected for the projection of the 1925 Program with the week of November 30-December 7, when an every-member canvass will be made of the 28,000 Baptist churches of the South for the support of state, home and foreign missions, Christian education, ministerial relief, hospitals and orphanages next year. These are the same interests that have been embraced in the Campaign but they will be supported in the future on the basis of annual subscriptions from the members of the churches rather than on a five-year pledge.

Want $15,000,000 Next Year

Reports reaching the general Campaign headquarters are to the effect that organizations have been set up throughout the territory of the Southern Baptist Convention looking to the completion of the old Campaign through the redemption of the pledges, and the successful launching of the new program through the taking of subscriptions for next year, at the same time. It is the hope of those charged with the leadership in these programs that a minimum of $15,000,000 will be raised for the general denominational enterprises in 1925 and that each year thereafter there will be an increase over the preceding year.

STRAIGHT TALKS WITH AUNT EMMY

ON THE SOUND OF WORDS

"Aunt Emmy," said Helen, handing her a letter, "I want you to tell me what you think of this as an investment for that money I have in the bank." Aunt Emmy adjusted her spectacles and read the letter carefully.

"I see," she remarked, "that you are offered debenture bonds in the Blank Manufacturing Corporation——"

"Yes!" cried Helen, interrupting her. "That's what makes me think so well of it. A debenture bond must be so safe!"

"Why do you say that?" inquired Aunt Emmy. "What, exactly, is a debenture bond?"

Helen hesitated while Aunt Emmy looked at her with a twinkle in her eyes. Then she stammered something about security.

"Now, child," admonished Aunt Emmy, "don't get flustered. It's very simple. When you buy a bond, whatever it is called, you loan your money to the company putting out the bonds. The word debenture comes from the Latin word 'debeo,' which means, as you should know if you remember your schooling, 'I owe.' Now, then, if you lend someone money, you would expect security unless the character of the borrower was so high that you would feel safe merely in holding his I. O. U. In the case of a debenture bond you are loaning money on a company's I. O. U. The company offering you debenture bonds does not pledge or mortgage any property to secure the bonds.

"If the company is in good standing, has a high credit rating and is making money, a debenture bond is a good investment. If the company is weak a debenture bond is a risky thing to buy. It all depends on the soundness of the company and not on the sound of the word 'debenture.' As for the company described in this letter, I don't know anything about it, do you?"

"No," admitted Helen reluctantly, "I do not know a thing. After what you have told me I wish I did. How do you suppose I can find out who and what they are?"

"There is nothing easier than that," rejoined her aunt. "All you have to do is to go down to the bank and ask them to give you a report on the Blank Manufacturing Corporation. They will be glad to look into this for you and will give you some really good advice if you want to invest your money in something safe. Never hesitate about talking to your banker about your financial affairs. He is willing to help you at any time."

BANKERS HELP

Pierce County Bankers Association, Wisconsin, have sent a boy and a girl to the week's Short Course at the University of Wisconsin, all the banks sharing in the expense. The Association is active in boys' and girls' club work.

Eaton County, Michigan, bankers sponsored an enthusiastic dairy-alfalfa meeting at Charlotte. As a direct result of the last campaign, 2,000 acres of alfalfa have been added. A county-wide bovine tuberculosis eradication campaign is being conducted with every assurance that the county will be on the accredited list this fall. Three cow testing associations have been organized.

Richland County Bankers Association, North Dakota, is one of the county associations which has organized to carry out the work of the boys' and girls' clubs and the "alfalfa on every farm" project. This program was adopted at a State banker-farmer meeting at Fargo in February.

WILL BRING CHAUTAUQUA BACK TO CAMERON IN 1926.

Will O. Triggs who did creditable work for the success of the Chautauqua this season has interested himself in securing signers for the contract for 1926 and reports that enough signatures have been secured to bring the Chautauqua to Cameron again next year.

The 1925 program has pleased the people and to this program they have responded with liberal ticket purchases and attendance at the programs.

Cameron has had Chautauqua for a number of years and always brings a good class of entertainment to the city.

THE KITCHEN CONTEST.

It is with great pleasure that I announce that Mrs. Sam Taylor of Milano who entered the Kitchen Improvement Contest this year, won first place in our district in Class 1, which means the expense was under $25. He hope we may win a place in the State Contest.

MRS. ETTA W. RINGGOLD,
County Home Demonstration Agent.

STOP THAT ITCHING

Sufferers from skin diseases such as Itch, Eczema, Tetter, Poison Oak, Ringworm, Old Sores or Sores on Children may find relief from the use of a jar of BLUE STAR REMEDY or their money will be refunded. The first application relieves that terrible itching. Will not stain clothing and has a pleasant odor.

Mother Dies Leaving 4 Children; Judge Finds Good Home For Them

On Friday last Judge Jeff T. Kemp committed four little orphan children to the care of Rev. Howard M. Frank, Superintendent of the Reynolds Presbyterian Orphanage of Dallas.

Owing to the fact that their dying mother had requested that the orphans be kept together some trouble was encountered in finding a suitable place for these little ones. Judge Kemp wrote letters to several institutions and made a special trip to Dallas in their behalf. The children lost their father last November when Asbury McDaniel died at his home in the Connoly community near Thorndale. After his death a little girl was born and when this infant was three weeks old the mother died with the request of her relatives not to let the children be separated.

Not one of the relatives were able to care for the children as a family, and the County Judge was asked to secure a home where all could be kept together. Dr. Frank came to Cameron last Thursday night and received the children from their relatives Mr. and Mrs. Caughron last Friday and accompanied by Mr. and Mrs. Caughron left of the afternoon train for Dallas with Verlie Gertrude McDaniel aged 8, Norine McDaniel aged 4, Giles Arthur McDaniel aged 2, and Norvell Gloria McDaniel aged 2 and one half months in his care.

The institution Dr. Frrank represents is a few miles from Dallas and was formerly the home of Reagan Wofford a schoolmate of Judge Jeff Kemp.

This Institution is owned by S. A. Presbyterians and is a Christian institution of high rank.

While in Cameron Dr. Frank witnessed the closing Grammar school exercises in Yoe High auditorium. He was delighted with the exercises and spoke in high praise of Superintendent Fisher and his splendid corps of teachers.

MEXICANS ORGANIZE A BAPTIST CHURCH HERE

EIGHTY MEMBERS IN NEW RELIGIOUS BODY WORK OF CAMERON BAPTIST CHURCH.

RUPTURE
Expert Here

Seeley Co.'s truss expert from Chicago will personally be at the Braziiman Hotel, and will remain in Taylor Tuesday only June 16. Mr. Seeley says: "The Spermatic Shield will not only retain any case of rupture perfectly, but contracts the opening in 10 days on the average case. Being a vast advancement over all former methods—exemplifying instantaneous effets imediately appreciable and withstanding any strain or position no matter the size or location. Large or difficult cases, or incissional ruptures (following operations) specially solicited. This instrument received the only award in England and in Spain, producig results without surgery, injections, medical treatments or prescriptions." Warning--All cases should be cautioned against the use of any elastic or web truss with under straps, as same rest where the lump is and not where the opening is, producing complications necessitating surgical operations. Mr. Seeley has documents from the United States Government, Washington, D. C., for inspection. Our representative will be glad to demonstrate without charge or fit them if desired. Business demand prevent stopping at any other place in this section.

P. S. —Every statement in this notice has been verified before the Federal and State Courts.—F. H. Seeley.

Home Office: 117 No. Dearborn Street, Chicago, Ill.

Try these valued family medicines for only 10 cents. Don't miss it.

TIGHT FEELING

Stomach Troubles Relieved by the Aid of Black-Draught.

Telling how he obtained relief from very disagreeable symptoms of stomach trouble, Mr. Charles T. Wintz, of R. F. D. 4, Huntington, W. Va., made the following statement:

"I began taking Black-Draught about fifteen years ago. I would have gas on my stomach that just pressed and seemed to shorten my breath, and I would have all kinds of feeling. My head would ache and I was in a very bad fix.

"I had tried remedies that didn't seem to do me any good. I saw Black-Draught advertised and sent for it.

"After taking a few doses, I knew it was helping me. It seemed to break up the gas, and the tight, bloated feeling disappeared, and I was like a new man. I would not be without Black-Draught. I can eat anything I want to. If I get dizziness in the head, Black-Draught relieves it."

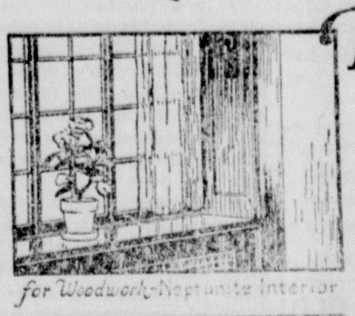
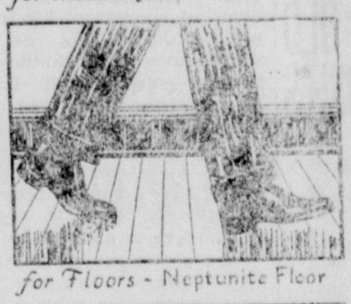
There are FOUR Neptunite Varnishes—

Do You Know Why?



for Woodwork-Neptunite Interior



for Floors - Neptunite Floor

for Furniture - Neptunite Rubbing

for Exteriors - Neptunite Spar

THE reason is that no *one* varnish can be best for all purposes.

The varnish on your furniture should be different from the varnish on your floors—certainly it has to meet different conditions. And the varnish on the outside of your front door and on the porch ceiling is exposed to a different sort of wear than the varnish on the woodwork.

So that is why there are *four*, highly specialized Neptunite Varnishes.

Neptunite Interior—*For Woodwork*
Neptunite Floor—*For Floors*
Neptunite Rubbing—*Where a Dull Finish Is Preferred*
Neptunite Spar—*For Outside Use*

Lowe Brothers

NEPTUNITE VARNISH

Each of the *four* Neptunite Varnishes fulfills a specific need. Each is water-proof, heat-proof and durable—never turns white, won't even scratch white.

We carry Neptunite Varnishes and other Lowe Brothers Products which have been noted for their excellence and economy for more than half a century. Our paint stock is complete and we will give you real service. Whenever you have any painting to do, see us.

Notices of entertainments, suppers, etc., where an admission fee is charged the pubilc or funds are derived in any way, will be charged at advertising rates.

ELECTRICITY ON THE FARM.

Only one farm in fifty in Texas is equipped for electric or gas service, according to the Sears-Roebuck Agricultural Foundation. Figures recently studied show that of the 436,033 farms in the state, only 8,228 farms, or 1.9 per cent, make use of electricity and gas, and of this number 2,100 receive central station service.

This low figure contrasts strangely when placed along side the 32.2 per cent of the farms having telephone service and 48.2 per cent that have automobiles, states the Foundation. It gives rise to speculation as to whether the Texas farmer would rather sacrifice greater comfort and convenience made possible by electricity and gas in favor of rapid communication and transportation that the telephone and auto make possible.

The big drawback to more general use of electricity on farms in the state up to the present has been the high prices made necessary for its delivery into distant sections, and this has served to discourage many from use of it, says the Foundation. Independent plants for the individual farms have proven popular in some localities, and experiments now being conducted on farms in several states is expected to throw new light on this problem and electrical engineers predict as great a revolution in the use of electricity in the country in the coming decade as was noted in the past decade in the cities.

While electricity on the farm is used mostly for lighting purposes, the farmer with this power at his command has been able to be relieved of many of the tasks around the home place, according to the Foundation. Electricity does not only pump water for the home, drive the washing machine, heat the electric iron, run the vacuum cleaner, charge the radio and automobile batteries, but it has brought efficiency with it by lighting the yard, stables and lifts, drive the milking machine, the cream separator, the churn, the grindstone and emery wheel and the general utility motor. Electricity has also been used to light poultry houses as a stimulant to egg production, to operate incubator ventilation and controls of occasionally for grinding feed, sawing wood, as well as hoisting hay and grain.

CHARGED WITH LIQUOR VIOLATION; MARRIES WITNESS STOPS TRIAL.

John Holley charged with transporting liquor has been freed temporarily from trial in district court. When the case was called Monday morning the defendant had married the prosecuting witness and under the law a man's wife cannot testify against him.

The case has been continued until a later date.

Ed. Mosopust was given 3 years suspended sentence on a charge of Manufacturing liquor. Steve Salach was also convicted and given one year by a jury in District court and the case of Willis Reese charged with the thefit of a car belonging to Oscar Schiller is now on trial.

Mrs .W. O. Triggs was chosen delegate by the Texas Conference to the Social Service Conference at Mount Sequoyale, Ark., from June 24th to June 28th.

NEW BANK 30 DAYS OLD HAS $152,000 DEPOSITS

REMARKABLE GROWTH SHOWN BY TEXAS STATE BANK & TRUST COMPANY.

At hte end of 30 days the Texas State Bank & Trust Company shows deposits amounting to $152,342.27.

A statement issued by the bank and published elsewhere in this issue of the Herald shows the condition of the bank one month after it began business.

On May 9 the bank began business and on June 9 a statement was issued showing the condition of the bank. This is said to be a remarkable record for a 30 day period and an entirely new bank.

The statement shows loans amounting to $127,000 and cash at $71,837.96. The new bank has a capital stock of $50,000 and undivided profits at $3,009.20.

The bank is a guaranty fund bank having gone into the guaranty fund instead under the bond system and is the only guaranty fund state bank in Cameron.

NOTICE!

We have discontinued our business in Cameron and moved he stock to Rockdale. We will, until further notice, have an office in the same building and the books and accounts will be kept there for the convenience of those who wish to call and settle their accounts.

We wish to thank our customers and friends for their patronage during the ten years we have been in Cameron.

HENNE & MEYER CO.
by C. R. Phillips.

LEGION MEN TO MEET HERE FRIDAY NIGHT.

A committee of Legion men from Rockdale will meet with a committee from Cameron in Cameron Friday night to discuss plans for the 4th of July celebration to be held in Milam county on July 4th.

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixtare can be depended upon to restore natural color and beauty to the hair.

Well-known druggists say everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

WHEN FARMING IS BUSINESS-LIKE

By BURTON M. SMITH
Chairman, Agricultural Commission, American Bankers Association.

The farmer is a business man and as such should do business on a business basis. Like other business men, he needs financing. He should be able to secure loans on a similar basis with any other business man, and on conditions that will meet his needs.

Burton M. Smith

On the other hand, the farmer should comply with the same conditions that are exacted from any business man. He should show the banker that the loan is for productive purposes. The farmer ought not to object to a request for a credit statement from his banker when negotiating a loan. This statement is not difficult to prepare when the farmer keeps records. The farmer who does not keep records is not doing business in a business-like way and is not entitled to the same consideration as the man who does.

For instance, loans to farmers for the purchase of well selected high-grade livestock constitute one of the most effective ways of financing the farmer and helping him to make a financial success of his business. In making these loans, the banker can well inquire as to whether the farmer has adequate housing facilities and plenty of the right kind of feeds before the investment is made.

If the banker is to encourage farmers in investments of this kind, he should have a hand in protecting these investments. It is to the advantage of the farmer as well as the banker to carry insurance on buildings, including fire and lightning, and if need be, tornado. Too much attention cannot be given to the health of animals. Neither the banker nor the farmer is justified in making an investment in dairy cows that have not been carefuly tested for tuberculosis.

Work It Out Together

Financing the farmer should be the result of teamwork. The banker and the farmer should consider each other as confidential advisers. The farmer needs to know the dangers attached to investments, and the banker needs more information on the possibilities of returns on farm investments well placed. No right-minded farmer ought to object to a careful diagnosis of conditions before the loan is negotiated. Both parties are interested in having the proposed investment pay the interest and eventually the principal, and also return a profit to the farmer.

There are times when the banker might loan to the farmer to the detriment of the farmer himself. The farmer who was kept from making a heavy investment in land when land values were at their peak is today blessing the banker for heading him away from what would have resulted in serious loss, if not bankruptcy.

Financing the farmer is a job that requires clear thinking and sound judgment. The underlying principles of a profitable loan or investment need to be carefully considered by all parties interested. Two heads are better than one, and when two or more men get together in sympathetic contact, determined to weigh the various possibilities of success and failure, and then act upon their united judgment, then the farmer is well financed.

Sol Sample and His New Leaf

By CHRISTOPHER G. HAZARD

Store Clerk Became a Hero by Protecting His Employer's Safe From Robber

Drew Promotion, Admitted to the Firm—His Leaf of Gold

HE LOOKED like a farm chunk. With his red hair, growing low upon his forehead, his pale and watery eyes, his ungainly figure and awkward manner, and his slow speech, he did not seem billed for a successful life, and he caused many to wonder why the old man numbered him among the salesmen in his fashionable store. His name had shrunk from Solomon to Sol, as an indication, perhaps, that the full name was too large a program for him, while his surname suggested that he was but a small part of what he desired to be.

This suggestion was based upon fact, for there was in Sol a dissatisfaction with himself that gave promise of improvement, an ambition that set before him a goal farther on and higher up than his smarter associates had purposed. Beneath his red thatch and behind his unattractiveness Sol had a conscience, a heart and a most determined will. It was the honesty and the reliability of his character that had given him favor with his employer, and a certain considerate kindliness had made him acceptable to the customers — qualities not common enough in these days to be despised.

At this New Year time Sol Sample was particularly anxious to turn over a new leaf. He shared the desire that comes then to us all to break into a

Mrs. George Graves and her son Thomas were in Waco Wednesday.

Mrs. Ruth Tucker Frierson and baby left with her husband, Ed. Frierson who spent Sunday visiting in the Tucker home, for Shreveport, La., where Mr. Frierson has employment.

Rug prices slashed to pieces. Get them while they are cheap.

Cameron Furniture Co.

Dave Angel will teach in the Belmena school next term.

Mr. and Mrs. L. Van Perkins and children left soon after school closed for a visit to San Marcos and Kerrville where Mr. Perkins will be instructor and coach in a Boys Camp this Summer.

Many New Laws Effective On and After June 19th

Austin, Texas, June 6.—Less meddling with private affairs and business; relaxnig petty and onerous restrictions about everyday activities; building up safeguards for protection of the citizen and industry from overzealous, officious officials.

That is the sum total of laws of 1925, and the important measures which go into effect June 19 only carry farther the principle of the laws which were operative when approved by Governor Miriam A. Ferguson.

The note of looking after the welfare of the individual, instead of putting additional petty, confusing legal pitfalls in his path, was carried all through the laws passed this year.

June 19 will be emanipation day for others besides the negroes. It will be Jim Ferguson's political emancipation day; when he will stand for the first time in almost eight years, free, by the declaration of the Texas legislature, from the bar against holding public office imposed in his impeachment. The amnesty bill will go into effect that day.

The same day will bring liberation to others from the threat and dread of masked assault, for among the bills which become effective June 19 is the Mankin anti-masking law.

Three measures provide protection of the person and the home against unlawful search provide that evidence illegally taken shall not be used, provided that county traffic officers must wear uniforms and may not hide and lie in wait for the motorist, and provide that the officer guilty of illegal search without a warrant shall be heavily fined.

Accused will be protected by two other measures which provide that persons convicted may testify in criminal and in civil cases.

Further safeguards are thrown about the children of Texas by the new labor law, which cuts the age of free employment from 16 to 15 years.

The inexperienced investor, the gullible speculator, have such measure of safebuard thrown about them as the State in a stringent anti-bucket shop law could give them. This law will become effective June 19.

The right, already decreed by Texas courts, of a foreign corporation to own stock in a Texas corporation, was written into the law by a meausure which will become operative on the same date.

Railroads, too, shared in the relaxation of restrictions by having the three-mile limit taken off spur track construction, and authority given to build tracks of any length. Also they are permitted to use motor or electric cars on their tracks, subject to regulations of the rail bodies the same as steam trains.

Welfare of the State highway system, and proeection of the treasury and the taxpayer in textbook matters were the aim of two laws which while apparently increasing the volume of regulations, were intended to relax the burden of government. Instead of permitting counties to block the orderly, systematic Statewide consruction of highways, the control of this was unified in the highway department, and after June 19 the State and not the counties will let the contracts and supervise the roads.

Reorganiation of the textbook commission, and limits on the amount cutting down from nearly $6,000,000 the total which may be spent for textbooks, were included in laws to go into effect within the next few days.

Hereafter filling station operators may not violate the law with impunity in one city and those of another city be subject to penalties for opening of Sunday, for the closing law as applied to gasoline sales was wiped off the books.

Another safeguard to the public was in revising and strengthening the optometry law, so as to prohibit the peddler or the merchant pretending to fit glasses to the eye, unless licensed. The right to sell as merchandise is not restricted.

The entire game, fish, oyster and fur-bearing animal protection was strengthened in three bills which are among those soon to become laws.

The biggest step to simplify and strengthen the laws of Texas was taken in adopting for the first time in many years, a codification of laws, both civil and criminal. This codification is not to become operative until September 1.

Teachers benefited by relaxing onerous requirements for certificates, so that teachers who have been in their profession for years may continue to teach, without being under the threat of having to go back to school themselves.

Corporations are permitted to issue non-par stock.

The City of Austin is released from a contract for paying $5000 a year for a sand bank on which it formerly operated a filter.

Lands were set aside in Cherokee county for reforestation experiments.

The public is protected from the crime of glaring headlights by a simple, easily enforceable headlight law.

Other laws are modified by measures to be effective June 17, permitting cities to maintain municipal bands; permitting the wife of an insane person, or a widow, to dispose of community property; permitting the sale and transfer of university oil and gas leases; exempting Boy Scouts and similar organizations from State taxes.

Prisoners share in the benevolent laws. The indeterminate sentence, heretofore a farce, is now a reality providing that a prisoner shall be released on serving half his sentence, of he maintains a perfect prison record.

Publication of official notices in newspapers, and rates for politicial advertising, are provided in another law.

Other measures to be in force after statements for credit, protecting those who extend credit or loan money; remitting Cameron and Hidalgo county taxes; creation of a board of managers for the State iron industry in Cherokee county; $1,500,000 rural school aid; changing names of the asylums to hospitals named after the cities in which located; safeguarding and protecting the insane by adequate care and housing; appropriation for pink boll worm eradication work; reappropriation of ballance for University of Texas campus extension program; relaxing campaign expense law to exempt sums paid to county committees to get name on the ballot; providing method for disposition of seized liquor; providing for the liquor to go to the medical department of State institutions; making it unlawful to have a cutout on an automobile; extending time for valuation of property for taxes; fee bill for county officers in counties over 37,000 population; safeguarding public by requiring devices approved by State on elevators; increase pension tax from 5 to 7 cents; Port Arthur bill, allowing tax assessors and collectors to maintain branch offices in cities over 20,000 not county seats.

Ah! Backache Gone Rub Lumbago Away

Rub Pain from back with small trial bottle of old "St. Jacobs Oil."

Ah! Pain is gone!

Quickly?—Yes. Almost instant relief from soreness, stiffness, lameness and pain follows a gentle rubbing with "St. Jacobs Oil."

Rub this soothing, penetrating oil right on your painful back, and like magic, relief comes. "St. Jacobs Oil" is a harmless backache, lumbago and sciatica remedy which never disappoints and doesn't burn the skin.

Straighten up! Quit complaining! Stop those torturous "stitches." In a moment you will forget that you ever had a weak back, because it won't hurt or be stiff or lame. Don't suffer! Get a small trial botle of old, honest "St. Jacobs Oil" from your druggist now and get this lasting relief.

FIERY, ITCHY SKIN QUICKLY SOOTHED BY THIS SULPHUR

Mentho-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or is rough or dry. Nothing subdues fiery skin eruptions so quickly, says a noted skin specialist.

The moment this sulphur preparation is applied the itching stops and after two or three applications, the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up.

A small jar of Rowles Mentho-Sulphur may be had at any good drug store.

BOYS KILL A FOUR FOOT RATTLER HERE SUNDAY

SNAKE FIGHTS YOUTH IN PASTURE NEAR SALEM CHURCH HOUSE.

A big rattlesnake measuring four feet and with fifteen rattlers was killed in an exciting battle Sunday about 11 o'clock in the Cole Ross pasture near the Salem church by Otto Whiteley and Delma Blanchett. both Cameron boys.

Otto who has resided most of his life in West Texas is familiar with the habits of the snake and was the first to notice the reptile as he lay coiled at the side of the path, hissing at the approach of the boys.

Having no gun the boys set about to kill the snake with rocks and a lively fight ensued. The snake was wounded by the first volley of rocks and immediately began fight, chasing the boys for some distance.

The snake lost 8 of its rattlers in the fight. It was brought to Cameron in a shoe box and exhibited on the streets Sunday afternoon.

The snake is said to have been the largest killed in this vicinity in recent years.

The boys arrived in town quite exhausted from their battle with the snake and many people complimented them on their bravery and presence of mind.

Otto is the son of Mr. and Mrs. Albert Whiteley and Delma is the son of Joe Blanchett.

COUNTY COUNCIL PARENT TEACHER'S ASSOCIATION OF MILAM COUNTY.

County Council of Parent-Teacher's Association of Milam county met on Saturday afternoon June 6th, 1925, in the auditorium of the Rockdale High school, with the following officers and members present:

Mrs. E. G. Simms, Chairman.

Mrs. P. Paddick, Corresponding Secretary.

Mrs. B. P. Atkinson, Treasurer.

Mrs. Etta Ringgold, Home Demonstration Agent.

Mrs. Kathryn K. Robbins, County Superintendent.

Mrs. Chas. Gunn, Mrs. W. T. Burdick, Mrs. Walter B. Smith, Mrs. Jas. O. Newton, Mrs. E. A. Camp, Mrs. R. H. Caldwell, Mrs. E. A. Swafford, Miss Olga J. Markley, Mrs. E. M. Sessions, Mrs. T. S. Parkley, Mrs. L. W. Sledge.

The meeting was opened with prayer. Mrs. Joe Denson, Secretary, being absent Mrs. Kathryn K. Robbins was appointed secretary protem.

Mrs. E. G Simms, President of the council reviewed the transactions of the previous meeting and in a very pleasing manner introduced Mrs. Noyes Darling Smith of Austin, who made the address of the afternoon.

Mrs. Smith told of the origin of the Texas Congress of Mothers and of the object of the present organization. She stressed the fact that individuals are educated for every call of life to day except that of parenthood and it is the purpose of the Parent-Teacher's Association or Mother's Club to reach every individual in every community.

"We want the father to know that it is his opportunity and, his alone, to interpret God the Father to his child. We want the mother to know that no greater career than motherhood could come to her. If our children fail we are largely to blame; for the calibre of their character will be determined by what we are and not by what we say we want them to become. Our attitude toward our neighbor, our attitude toward our community and so forth will influence our children," said Mrs. Smith.

She urged all members present to work at a definite plan and carry it through to execution. Since Mrs. Etta Ringgold, County Demonstration agent, has her work so well planned, the members were asked to co-operate with her in order to reach mothers, as well as boys and girls, all over the county.

The Council was then favored with a piano solo by Mrs. L. W. Sledge. Judges were appointed for the rally day of the agricultural clubs which will be held in Cameron on Saturday June 27th. The names were as follows:

Light Bread—Mrs. E. M. Sessions Rockdale, Mrs. R .H. Caldwell Rockdale, Mrs. B. P. Atkinson Cameron.

Sewing—Mrs. Lee Orr Rockdale, Mrs. Geo. T. Graves Cameron, Mrs. T. S. Barkley Rockdale.

At the close of the meeting most delicious punch was served by the ladies of the Parent-Teacher's Association of Rockdale.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up, the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes like magic.

WHEN SIGNALS ARE SET AGAINST YOU

Danger Signs Given by Bankers—People With Money to Invest Warned Against Ways to Lose It—The Lure of "Easy Money."

If you were an engineer on a railroad you would not intentionally pass safety signals set against you. To the experienced investor there are similar signals for safeguarding his investments. Some of these signs of danger, issued by the Public Service Committee of the State Bank Division, American Bankers Association, in conjunction with the Better Business Bureau, are briefly indicated here.

BIG RETURNS—It is easy to promise an abnormally high rate of dividends, or large market profits, to prospective investors. Heavy risks usually accompany such lures. They are too often the chief talking points of financial charlatans.

PROMINENT NAMES — Promoters know that the names and endorsements of successful men carry weight. They are often used without authoritation. The prudent investor will look beyond names and will investigate.

THE "GROUND FLOOR"—An opportunity to "get in on the ground floor" often turns out to be the same sort of opportunity which the proverbial spider extended to the fly.

INSIDE INFORMATION—"Inside tips" are usually expensive pieces of misinformation. When used as "confidential information" to influence the small investor they are generally of spurious character.

THE FICTITIOUS ADVANCE—Professional promoters often arbitrarily advance the prices of the shares they sell as their campaigns gain headway to create buying excitement and induce new buyers to get in before the next rise. Such price advances are artificial, usually employed merely to "speed up" the unloading of shares.

THE TELEPHONE CANVASS — Irresponsible vendors find it easy to work over the telephone to victimize incautious investors. The cautious investor will not enter into securities transactions by telephone unless he personally knows with whom he is dealing.

THE UNSELFISH PROMOTER — The promoter who "gives his services" in organizing a company or as an officer of it and advertises that he does so, will bear watching.

THE IRRESPONSIBLE GUARANTEE—Irresponsible sellers of securities often "guarantee" certain profits, or even that they will buy back shares when the purchaser wants his money. Promises of this nature are made to create confidence and to lull suspicion. They should indicate to the prospective purchaser a special need to investigate.

"REORGANIZATION" AND MERGER — Unsuccessful companies forced into "reorganization" often call upon stockholders for new funds. Response to such appeals often means merely throwing good money after bad. A conspicuously fraudulent device has been the "merger," by which a new company trading upon fresh prospects and promises, takes over the assets of an unsuccessful venture and issues new stock for old, provided the shareholder pays 25 per cent or so in cash.

THE PARTIAL-PAYMENT PLAN—This helpful method of selling securities has been much abused. People who prefer to buy securities out of their weekly or monthly earnings, are sometimes victimized by vendors of stocks which have little or no value. All honest securities dealers unite in warning the investor to buy on the partial-payment plan only after making sure of the financial responsibility and standing of the firm with which he does business.

THE APPEAL TO PREJUDICE—A chief stock in trade of the unreliable promoter is misinformation which plays upon the prejudices and emotions of prospects. This style of promoter points out supposed "evils" and "special privileges" existing in the world of "high finance." He may urge that his venture is a poor man's proposition, free from the "large underwriting profits which the big fellows get." Usually such sellers endeavor to throw suspicion on others to divert it from themselves.

FALSE SENSE OF SECURITY—"Real estate—the safest security on earth," is the type of slogan under which at times unscrupulous operators endeavor to unload property on persons who want to make an investment, but not a poor speculation. Experienced opinion, supported by impartially-gathered facts, forms the only basis upon which to buy real estate, especially when you cannot see it before you buy.

MINING FALLACIES — Many mining ventures are honest but fail because the promoters are unable to finance the proposition through to a successful conclusion. Many other mining promotions are not good prospects although they may be represented as such. If a small investor wishes to buy mining stocks he can do so by purchasing securities of established mining companies with records of substantial earnings and of dividends regularly paid to stockholders.

OIL RISKS—To almost every one come opportunities to speculate in oil schemes. Very often such offerings are misrepresented. Usually they are sheer speculations, all the risks being taken with the stockholders' money, while the promoters pay themselves handsomely through stock sales, commissions, salaries or "organization expenses." The investor who desires to buy mining or oil securities should get facts and experienced opinion as to issues of established, successful oil companies. Even the legitimate mining or oil business is speculative and depends for profits upon a sound combination of properties, organization, finances and management.

INVENTION DELUSIONS—The general public too often believes that large profits are to be gained through patented processes or devices. Inventions are a fascinating means for separating inexperienced investors from their savings. Even when practical from a marketing and manufacturing standpoint, patents are usually only moderately valuable. The small investor cannot afford to take an "Invention Chance" with his funds.

National Usefulness

In order to achieve maximum usefulness a National Bank must have ample resources, be wisely managed and have influential connections.

That's why Uncle Sam takes such a keen interest in his National Banks. That's why every National Bank is a member of the strong Federal Reserve System. That's why the word National means service as well as strength.

CITIZENS NATIONAL BANK.

CAMERON FRUIT CO. IS 'BUYING IT AT HOME'

FAVORS HERALD WITH LARGE ORDER FOR INVOICES—BOOST FOR CAMERON.

Patronizing home industry is not a theory but a practice with the Cameron Fruit Company.

This week the Herald delivered to the Cameron Fruit Company 45,000 invoices in triplicate for its house at Cameron and for the H. Pickoff & Company of Taylor.

More than 500 pounds of paper was required to print and deliver this job. The Cameron Fruit Company with S. Kestenbaum at its head and Roy Storrs as the efficient business office man, has made wonderful progress during the past few years and is now one of the largest wholesale fruit concerns in this section of Texas.

In addition to the house at Cameron the firm maintains a house in Taylor, the H. Pickoff & Company. The Herald prints the invoices and other forms for this house also.

Mr. Kestenbaum belives in patronizing home industry and in this way helps to conserve the resources of the community. He has practiced this trade at home policy every since he began business and the Herald commends his example.

BAPTISTS DENOUNCE EVOLUTION; REPORT PROGRESS IN THEIR WORK

Southern Convention at Memphis Adopts Statement of Baptist Faith and Message for Information of World—Co-operative Program for Support of Enterprises Endorsed.

Many large achievements were reported to the Southern Baptist Convention at its recent session at Memphis by its various missionary, educational and benevolent enterprises, although none of them had at its command during the past year as large funds as were needed.

The Hospital Commission reported 24 Baptist hospitals in operation in the South, with three others under construction. These institutions treated over 100,000 patients during the year and did over $1,000,000 in charity work for deserving poor.

More than 1,000 aged preachers and their dependent ones were aided by the Relief and Annuity Board.

MANY BAPTISMS REPORTED

The Sunday School Board reported a gain of 969 Sunday Schools for the year, with 155,236 new pupils, bringing the present number of Southern Baptist Sunday schools to 21,570, with an enrollment of 2,563,953. Other items in the board's statistical report show that there are now 27,517 Baptist churches affiliated with the Convention which last year reported 209,876 baptisms and which now have 3,763,862 members.

During the past 25 years Southern Baptists have increased the number of their schools, colleges and theological seminaries from 65 to 117 and the

DR. J. E. DILLARD

Chairman Program Commission of Southern Baptists

total assets of these schools from $7,500,000 to $48,000,000, it was reported by the Education Board. In these institutions there are 38,000 Baptist students.

The Home Mission Board employed 1,077 workers during the year who reported 20,027 baptisms and 50,354 additions to the churches, the erection or repair of 355 church houses and the organization of 608 Sunday schools.

On 17 foreign fields the Foreign Mission Board has employed 618 American missionaries and 2,443 native workers. A total of 12,134 baptisms were reported by these workers for the year, bringing the present membership of the foreign churches to 117,961.

ENDORSES CO-OPERATIVE PROGRAM

The Convention heartily endorsed the co-operative plan for the support of all its missionary, educational and benevolent work and named a Commission on the Co-operative Program which will seek to enlist all the Baptist churches of the South in the regular, systematic support of home, state and foreign missions, ministerial relief and Baptist schools, hospitals and orphanages. Churches not already supporting all these enterprises through weekly contributions are invited to assume such support at once. The Convention endorsed the plan of the Commission discouraging independent appeals to churches and individuals on the part of special denominational interests, urging all of them to look to the Co-operative Program for their support and asking all the churches to support the Program.

STAND BY THE OLD BIBLE

That the world may know where Southern Baptists stand upon the great fundamental Christian doctrines, many of which are being assailed today, the convention adopted a statement of the Baptist faith and message, in which attacks upon the inspiration and authority of the Bible and the divinity of Christ were vigorously refuted.

Here are some of the leading declarations in the statement as it was adopted:

THE SCRIPTURES

"We believe that the Holy Bible was written by men divinely inspired and is a perfect treasure of heavenly instruction; that it has God for its author, salvation for its end, and truth, without any mixture of error, for its matter; that it reveals the principles by which God will judge us, and therefore is, and will remain to the end of the world, the true center of Christian union, and the supreme standard by which all human conduct, creeds and religious opinions should be tried."

THE FALL OF MAN

"Man was created by the special act of God as recorded in Genesis. 'So God created man in his own image, in the image of God created he him; male and female created he them.' (Gen. 1:27). 'And the Lord God formed man out of the dust of the ground, and breathed into his nostrils the breath of life; and man became a living soul,' (Gen. 2:7). He was created in a state of holiness under the law of his maker but through the temptation of Satan he transgressed the command of God and fell from his original holiness and righteousness; whereby his posterity inherit a nature corrupt and in bondage to sin, are under condemnation, and as soon as they are capable of moral action, become actual transgressors."

THE WAY OF SALVATION

"Salvation of sinners is wholly of grace, through the mediatorial office of the Son of God, who by the Holy Spirit was born of the Virgin Mary and took upon him our nature, yet without sin; honored the divine law by his personal obedience, and made atonement for our sins by his death. Being risen from the dead he is now enthroned in heaven and uniting in his person the tenderest sympathies with divine perfections, he is in every way qualified to be a compassionate and all-sufficient Savior."

CO-OPERATION

"Christ's people should, as occasion requires, organize such associations and conventions as may best secure co-operation for the great objects of the Kingdom of God. Such organizations have no authority over each other or over the churches. They are voluntary and advisory bodies designed to elicit, combine and direct the enegries of our people in the most effective manner. Individual members of New Testament churches should co-operate with each other, and the churches themselves should co-operate with each other in carrying forward the missionary, educational and benevolent program for the extension of Christ's Kingdom. Christian unity in the New Testament sense is spiritual harmony and voluntary co-operation for common ends by various groups of Christ's people. It is permissible and desirable as between the various Christian denominations, when the end to be attained is itself justified, and when such co-operation involves no violation of conscience or compromise of loyalty to Christ and His Word as revealed in the New Testament."

STEWARDSHIP

"God is the source of all blessings, temporal and spiritual; all that we have and are we owe to Him. We have a spiritual debtorship to the whole world, a holy trusteeship in the Gospel, and a binding stewardship in our possessions. We are therefore under obligation to serve Him with our time, talents and material possessions; and should recognize all these as preaching the Gospel of Christ and of God and helping others. Christians should cheerfully, regularly, systematically, proportionately and liberally contribute of their means to advancing the Redeemer's cause on earth."

EVOLUTION IS DENOUNCED

To the statement of faith proper the Convention added a declaration upon the relation of science and religion in which the theory of evolution was denounced. Referring to evolution the statement says:

"Its best exponents admit that the causes of the origin of species have not been traced, nor has any proof been forthcoming that man is not the direct creation of God as recorded in Genesis. We protest against imposition of this theory of evolution upon the minds of our children in denominational or public schools as if it were a definite and established truth of science. We insist that this and all other theories be dealt with in a truly scientific way, that is, in careful conformity to established facts.

"We record again our unwavering adherence to the supernatural elements in the Christian religion. The Bible is God's revelation of himself through men moved by the Holy Spirit, and is our sufficient, certain and authoritative guide in religion. Jesus Christ was born of the Virgin Mary, through the power of the Holy Spirit. He was the divine and eternal Son of God. He wrought miracles, healing the sick, casting out demons, raising the dead. He died as the vicarious, atoning Savior of the world and was buried. He arose again from the dead. The tomb was emptied of its contents. In his risen body he appeared many times to his disciples. He ascended to the right hand of the Father. He will come again in person, the same Jesus who ascended from the Mount of Olives.

"We believe that adherence to the above truths and facts is a necessary condition of service for teachers in our Baptist schools."

THE PLAIN SPOKEN BRITISHER.

By Wm. A. Black.

We have big problems here in Texas. The most important of them is world wide. It may help us to know that the same problem commands the attention of statesmen in every civilized land. The Hon. Winston Churchill, M. P., and now Chancellor of the Exchequer, has had much to say on the land question and the Taxation of Land Values.

He once told a Scottish crowd, "I have made specches to you by the the yard on the taxation of land values and you know what a strong supporter I have always been of that policy." Here are some high points from a speech at Edinburgh in 1909, that should prove a good example to our statesmen and moulders of public opinion.

"It is quite true that the land monopoly is not the only monopoly which exists, but it is by far the greatest of monopolies—it is a perpetual monopoly, and it is the mother of all other forms of monopoly. It is quite true that unearned increments in land are not the only form of unearned or undeserved profit which individuals are able to secure; but it is the principal form of unearned increment which is derived from processes which are not merely not beneficial but which are positively detrimental to the general public. Land, which is a necessity to human existence, which is the original source of all wealth, which is strictly limited in extent, which is fixed in geographical position—land, I say, differs from all other forms of property in these primary and fundamental conditions.

"I hope you will understand that when I speak of the land monopolist I am dealing more with the process than with the individual owner. I have no wish to hold any class up to public disapprobation. I do not think that the man who makes money by unearned increment in land is morally a worse man than anyone else who gathers his profit where he finds it in this hard world under the law and according to common usage. It is not the individual I attack, it is the system. It is not the man who is bad, it is the law which is bad. It is not the man who is blameworthy for doing what the law allows and what other men do, it is State which would be blameworthy were it not to endeavor to reform the law and correct the practice. We do not want to punish the landlord. We want to alter the law.

"Sixty years ago our system of national taxation was effectively reformed ,and immense and undisputed advantages accrued therefrom to all classes, the richest as well as the poorest. The system of local taxation today is just as vicious and wasteful, just as harsh a burden upon the poor, as the thousand taxes and Corn Law sliding scales of the "hungry forties.' We are are met in an hour of tremendous opporutnity. "You who shall liberate the land," said Mr .Cobden, "will do more for your country than we have done in the liberation of its commerce."

HIGH SCHOOL GRADUATES MAKE THIS SUMMER PAY.

In a recent edition of "The Business Training Salesman,' a Successful business man cites a few facts and figures which, while they are applicable to schools all over the land, are equally applicable to YOU. He says:

"I wonder how many young people have stopped to consider just how much it is costing them in actual dollars and cents to delay taking up their business training until Fall. If they could but be made to realize that a summer of idleness would cost them from $200 to $400 in cold cash, I believe the Summer Schools conducted by the Business Educational Institutions of the country would be filled to overflowing immediately after the high schools close.

"Here's how it works out: Suppose, for statistics sake, a young man or young woman elects to take a business course, beginning Monday June 15, 1925. Suppose, on the other hand, he or she decides to wait until September 7. It's only a three months' delay and it seems insignificant, but it means graduation Just Thirteen Weeks Later than the student who enrolled in June. In those thirteen weeks, the "early bird" has collected thirteen weekly pay checks amounting in all to $200 to $400 or more."

Do you see the importance of beginning now? The time for you to enroll is TODAY in the Tyler Commercial College at Tyler, Texas, for a thoro and practical business training. They teach the Private Secretarial, General Banking, General Business, General Civil Service, General Cotton Classing, Railroad and Western Union, Bookkeeping, Shorthand, Penmanship, Telegraphy and Radio courses.

They maintain an Employment Department whose privilege is to introduce their graduates to business opportunities. The Service of that department is free. The student who goes to them earnestly and desirous of making a good record and who completes his course creditably will always find a welcome there.

"Achieving Success in Business," the most interesting book published on Business Education, will be sent to you free. It tells of the work of the students and teachers, describes the course and opportunities open to each line of work and the successes of their graduates.

The book will tell you what they have done for others. Let it tell YOU what they can do for YOU. Fill in the coupon below for the large free book and mail it NOW.

We have no branch schools anywhere. We lead; others follow.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

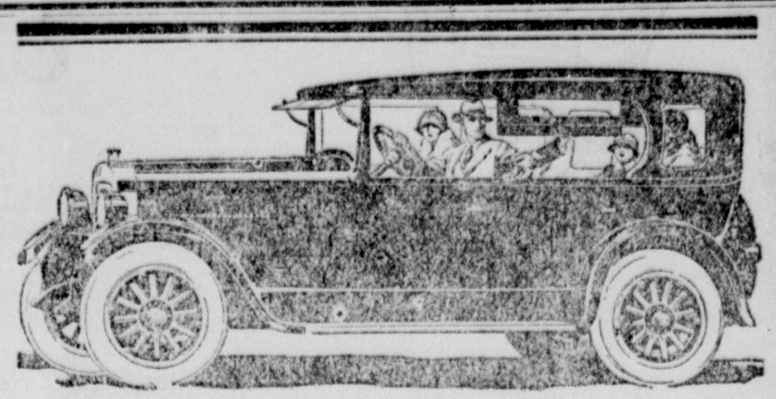
Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

STRAYED—One brown mare mule seven years old, 14 or 14 1-2 hands high, wire scratch across point of right shoulder. Notify L. L. Blaylock, Sheriff, Milam county or Henry Layman, Ben Arnold, Texas, R. 1.

BLUE BUG

infected chickens should be fed MARTIN'S POULTRY TONE. Paint bug infested hen houses with "MARTIN'S ROOT PAINT" to kill and keep away insects. Guaranteed by Schiller Pharmacy. 48-3m.



Good-bye "Old Top"!

NO more hunting for curtains in the wind or rain. No more bother matching and putting them up. Instead—simply lower the roller side enclosures and you have the snug, weather-tight protection of a closed car in 30 seconds. Come in and see this remarkable new-type car.

JAMES P. MCLENDON IS DEAD AT BEN ARNOLD

PIONEER CITIZEN PASSES AWAY AFTER LONG ILLNESS AT HOME.

Mr. James P. McLendon of Ben Arnold, died at his home Wednesday evening at 6 p. m. from chronic bright's disease. His health had been poor for some time but the last acute attact was of about two weeks duration. He was attended by skillful physician and trained nurses and the loving solicitude of his family and many friends who left nothing undone that could contribute to his comfort. He is survived by his faithful wife, and an only daughter, Mrs. Edwin York of Cameron, two brothers, Messrs. Bob and Eugene McLendon of Ben Arnold and by one sister, Mrs. Hambrick of Okla., all of whom were with him in his last sickness.

Mr. James P. McLendon came with his family from Alabama more than twenty years ago to make his home in Ben Arnold where he had farming interests. He was a member of the Ben Arnold Methodist church and educated his only daughter at Southwestern University. His funeral was held in the Methodist church in Ben Arnold and was largely attended by his numerous friends who came from long distances to pay their last sad tributes of respect to a friend who had lived such a noble life and who will be so sadly missed in his home town of which he had been so long an honored citizen.

BAPTIST CHURCH.

The pastor Rev. E. S. Hutcherson will preach at the Baptist church at both morning and night services. The pastor has returned from Boice, La., where he held a protracted meeting.

Mrs. Robert Pool and baby, Isabel, are visiting in the home of their aunties, Miss Edna Sprinkel and Mrs. Chas. Sprott.

Miss Pauline Green had as her guest Sunday Miss Elizabeth Green of Rosebud.

Mr. and Mrs. L. Gohmert left Sunday for Brookshire to visit a few days and will bring their little daughter Dorothy and aunt Miss Louise who have been visiting there for three weeks.

Service that satisfies—you get it at the Ham House, phone 205.

E. O .Schiller is in Fort Worth this week attending the state meeting of the Pharmaceutical Association.

Dr. Arthur E. Kruse

announces the opening on June 16th of his office for the general practice of dentistry.

FIGURE IT OUT YOURSELF

What Do the Bankers Mean, "Eighteen Billion Dollars in the Savings Bank"?

By JOHN OAKWOOD

The bankers keep telling us that the savings accounts of the American people total eighteen billion dollars. I asked a dozen people what that meant to them. Most of them seemed to see visions of endless stacks of coins and bales of currency stowed away in the vaults of fine looking granite bank buildings.

* * *

Now, as a matter of fact, there is less than nine billion dollars' worth of money in the country all told, including gold, silver, nickel and paper money of all kinds. That is less than half the eighteen billion. Therefore there must be something wrong with the vision of eighteen billion dollars in stacks and bales in the bank vaults. More than that, there probably is not more than one dollar for every twenty of that eighteen billion actually in the savings bank.

* * *

But the eighteen billion in savings bank is no myth just the same. Suppose all the savings depositors could demand all their money all at once, and that they insisted on immediate settlement one way or another when they found they could not get it all in cash. What would happen would be that they would come into possession chiefly of bonds—Government, state and municipal bonds and the best railroad, equipment, public utility and other corporation bonds. The savings depositors are really the owners of all this vast real wealth.

* * *

What the bankers really mean, therefore, is that the savings depositors, so far as money is concerned, have deposited eighteen billion dollars more than they have drawn out and therefore have credit for that much in their savings accounts. The dollars, themselves, that they handed in, have flowed right on through the banks—have been sent out to buy the bonds. That is, the money deposits have been used in behalf of the depositors to buy the safest forms of investments. When a man buys a bond, he really rents his money out—puts it to work to earn him more money. The savings banks have done this for their depositors.

* * *

So the picture of idle piles of money is all wrong. Even a picture of piles of bonds is wrong if it stops at that. The bonds represent two things. First, since they are readily saleable for cash, they mean that any individual can get his savings out again in the form of money within a reasonable time. Secondly, and more important, behind those bonds loom up the railroads, factories, businesses and public works that the money invested in them set going for the benefit of everyone, including the depositors themselves. Saving, therefore, is not merely accumulating money—it is accumulating real wealth. The money flows on like water to turn other wheels—the real wealth and savings of the country are the accumulated factories and other enterprises evidenced by the bonds.

* * *

Therefore the true picture of what the bankers mean when they say the savings accounts of the American people total eighteen billion dollars, instead of piles of money in vaults would be factories, railroads and public works in action.

Mrs. Tom Law of Waco is visiting in the home of her aunt Mrs. Geo. A. Thomas.

HENNE & MEYER CO. STORE MOVED ROCKDALE

HARDWARE BUSINESS DISCONTINUED IN CAMERON AFTER MANY YEARS.

The Henne & Meyer Hardware Co., store in Cameron has been discontinued. the stock of the company having been moved to Rockdale, the headquarters store for the company.

The company had been doing business in Cameron for a number of years and the discontinuance of the business is a distinct loss to the city. The firm was favored with an extensive patronage, supplying the farming trade with implements and other hardware lines.

C. R. Phillips who was manager of the house in Cameron, will continue here for an indefinite time to look after the books of the company. Mr. Phillips, it is hoped by his friends, will find it profitable and pleasant to continue in business here and to remain as a citizen.

Mr. Phillips is serving his second term as an alderman in the city government and has been active in improving the town from every standpoint.

The removal of the Henne & Meyer stock from Cameron to Rockdale reduces the number of stores in Milam county to two, the other being located at Thorndale.

For the present the offices under charge of Mr. Phillips will be located in the same building where the store was located.

The Henne & Meyer Company thanks its friends and customers for their patronage and appreciates all considerations shown during the years the business was operated in Cameron.

Dr. A. B. Guinn left Saturday evening for Midlothan where he will be married. An extended wedding notice will be given next week.

CASTORIA
